

Pop Tab Collection Program

The Ronald McDonald House of San Diego Pop Tab Collection Program is thriving, thanks to the hundreds of thousands of people who understands that a waterfall begins with one drop of water. Since the program's inception in 1987, funds raised across the United States exceed \$4 million. The San Diego Ronald McDonald House has joined Houses around the country. Collecting tabs will support our local chapter.

HOW DO YOU GET STARTED?

- Support the RMHC-SD mission.
- Call the House to schedule presentation
- Share your enthusiasm to make a difference with friends and family.
- Challenge your team or organization to discover ideas to grow the Program.
